PRODUCT LINE CARD

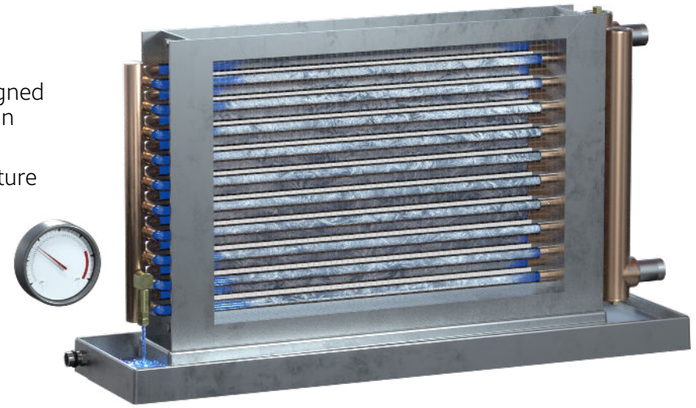
EVOLVING THE FRONTIER OF ENERGY TRANSFER

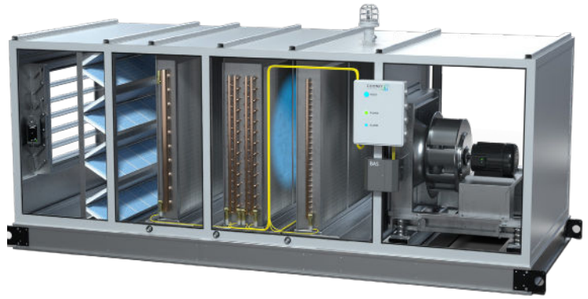
Freeze Block™ Coils

Our patented Freeze Block™ Technology is designed to prevent fluid and steam coils from rupturing in freezing conditions.

Dramatically reduce future maintenance, premature coil failure and related downtime.

- 30-month warranty against freeze damage
- Climate and wind tunnel tested to -74° F
- Available for new air-handling units & coil replacement applications





Cooney Thermo-Pack

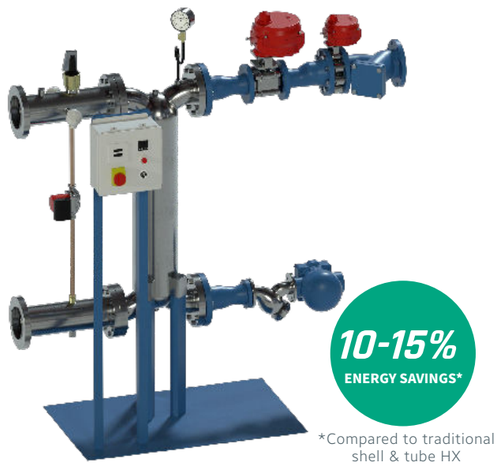
Using the latest in shell & coil heat exchanger technology, the Cooney Thermo-Pack provides efficient, reliable water heating to the market for both domestic, heating hot water, and process applications.

- Condensate sub-cooling saves energy and reduces maintenance costs
- Corrosion resistant 316L SS heat exchanger with complete welded structure
- Eliminate dangerous and wasteful flash steam
- Small footprint for facilities with space restrictions
- V-Ball control valve standard with 300:1 turn down for precise control and energy savings

Cooney Smart Coil System

The Cooney Smart Coil integrates Freeze Block™ Technology with a facilities building automation system for proactive protection against freeze damage.

- Immediate notification of freezing event
- Compatible with BACnet or any BMS
- 48-month warranty against freeze damage



*Compared to traditional shell & tube HX

OEM & Replacement HVAC Coils

Available with or without Freeze Block Technology. Standard and quickship options.

MADE IN USA

- Fluid
- Steam
- Evaporator
- Condenser
- Sectional
- Booster
- Microchannel
- Coated

Steam Specialties

High-quality, American made, steam and fluid specialty products. Stocking distributor. Same day delivery. Call for availability.

- Traps / pump traps
- Control / regulating valves
- Pressure motive / electric pumps
- Condensate pump packages
- Simplex & duplex strainers
- Pressure / temperature relief valves
